Industrial Rubber, Inc. Cementing Baskets

Industrial Rubber's Cementing Basket is constructed of flexible spring steel ribs and reinforced rubber overlapping liners. The basket may be run on casing, tubing or liners and will effectively seal off zones below the basket from contamination by cement slurry. The cementing basket can be slipped over the run-in string and its position is determined either by couplings at the ends of the joint or by stop rings, which can be provided

IRI's Cementing Baskets	
Size	Part Number
2 3/8"	260-0023
2 7/8"	260-0027
3 1/2"	260-0034
4 1/2"	260-0044
5 1/2"	260-0054
6 5/8"	260-0065
7"	260-0070
7 5/8"	260-0075
8 5/8"	260-0085
9 5/8"	260-0095
10 3/4"	260-0106
11 3/4"	260-0116
12 3/4"	260-0126
13 3/8"	260-0133
16"	260-0160
18 5/8"	260-0185
20"	260-0200
